Subject: Request and Authorization for Above-Ground Natural Gas Work

This memorandum confirms our request to you, this date, to have natural gas facilities work done at the above premises, which may include a temporary gas service line installed to the above premises in accordance with your service line application.

We understand and accept that this line will be installed at our request and at our sole risk insofar as obstruction to foot traffic is concerned, and we hereby indemnify and hold you harmless from claims of damage which may arise out of such obstruction to foot traffic, excepting those claims which arise out of your negligence and liability for loss, if any, due to leaking gas.

Charges for temporary gas for the current Heating Season will be charged on the service line application for the above property.

Cost: Bell Hole: **\$1,415.00** and **\$2.50** per foot

Meter to Meter: **\$500.00** and **\$2.50** per foot
(Temporary above ground)

Will be ready for gas on: _____
(Date)

Ready now (meter location marked)

Please Contact ENSTAR Construction at:
Anchorage: (907) 334-7725
Mat-Su: (907) 352-7411
Soldotna/Kenai: (907) 262-9334
five (5) working days in advance to schedule the needed work.
Weather and/or extreme circumstances may lengthen lead time.
